## TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. **Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other:

According to MPEP 1214.01 (I), submission amended or new claims must be directed to the same subject matter as the appealed claims.

Applicant indicates the features of "removing the object from a first web page on a first web site on the network; and, upon removing the object from the first web page on the first web site on the network, incorporating the object into a second web page on a second web site on the network" is not found in any of previously appealed claims 1-22.

Furthermore, not how the "wherein the network comprises a plurality of web sites, each web site comprising a plurality of web pages" is substantive to the "object management means"

Therefore, the submission is non-responsive because the features indicated above are NOT directed to the same subject matter as the appealed claims.
